## Who we are

**Training Vision** is a British company which is concerned with the planning and management of international mobility projects in several fields. We receive students coming from all over Europe and we organise for them work placements in different vocational areas. Training Vision also organises professional visits, seminars and socio-cultural programmes.

Our **mission** is to provide quality training experiences in order to increase beneficiaries' career prospects and personal prosperity.

**Portsmouth** is the ideal place to do a "British Experience", learning or improving a new language and getting new skills in the participant field of specialisation.

## Services

### ≈ Organisation of Work Placements

We provide Work Placements according to the trainees' CVs, their previous professional experience and their language skills.

### ≈ Organisation of Professional Visits and Seminars

We organise Professional Visits and Seminars for teachers, trainers and people employed in the training environment.

### ≈ Tutoring and Follow Up

We guarantee 24 hours personal and professional support, thanks to our specialised staff. We organise fortnightly monitoring meetings with participants so that a continuous control of the whole experience is carried out.

Both the Host Company tutor and the participant fill in initial and final evaluation questionnaires, analysing all aspects related to the programme.

### ≈ English Language Course

Language courses are taught by teachers specialized in teaching English as a foreign language. The teaching method is based on communication. Students actively exercise the four fundamental functions of the language: listening, speaking, reading and writing. Particular attention, however, is given to conversation, to develop in the student an increasing capacity to express himself and communicate in the foreign language from the beginning of the course.

### ≈ Accommodation

Participants are usually accommodated in fully equipped and comfortable flats shared with other beneficiaries. Participants can be also accommodated in hotels and families (usually for short stay programmes). Residence halls would be available just in summer.

### ≈ Maintenance/Pocket Money

Participants accommodated on a self-catering basis receive a weekly pocket money to cover food costs. Participants staying in hotels and families are provided with full board accommodation (3 meals / day).

### ≈ Transfer to/from Airport

We organise the transfer by private bus or taxi at the participants arrival and departure. The nearest airports are London Gatwick, London Heathrow and Southampton, but we organise the transfer from many other places.

### ≈ Local Transports

We provide participants with a weekly or monthly transport pass.

### ≈ Cultural Activities

We organise a wide range of visits to the most important cities and monuments in the area, like Brighton, Isle of Wight, London, etc. Also bowling, boat trips are activities that we can organise.

### ≈ Certificates

At the end of the programme, Training Vision issues both a language course and a work placement certificate. Also a certificate signed by the hosting company is given to the participants.

### ≈ Europass

Training Vision cooperates actively with the sending organisation for issuing the Europass Certificate.

### ≈ Final Report

At the end of the programme, we prepare for the sending organisation, a final report containing information about the project (work placement companies, professional visits, evaluations, pictures, etc...).
